during the past week a saisting in conducting a red
tranted in retting, returned house yielerday.

The condicing amendments proposed in regard to intoxicating liquors illustrate better, perhaps, than any other o this long list the tendency of which we have spoken. One party commands the prohibition of their manufacture and sale; the other deman is the prohibition of their manufacture and sale; the other deman is the prohibition of any interference with their manufactures and sale. But both parties demand the wiping out, so far as this matter is involved, of the severencipalty of the ratte, a right and power which the fras series of amendments was adopted to drive seen the series and consolidate. This demand spiral the better in the results and a series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive seen the series of amendments was adopted to drive series of amendments far as it goes, shows an indefference it the vital principles of our theory of government and a disregard for the dustrines of our political institutions. The whole drift of such arentiment is to weaken the states; to put the citizens: the hands of the federal power; to gorg; the maintained is federal power; to gorg; the maintained is federal power; to gorg; the maintained is federal power; to gorg; the maintained federal power is the federal power. The federal power is the federal power in the federa

nightless through the entire carter.

It is this session of congress not less than thirty special bills to think the standard of the constitutions of the session of the se Drwn to 1861 he was a democrat of the amendments, a large proportion of them in the for each of the river and bottom works now house. Many of them are proposals that kind house was in the proposals that kind house was a defining the proposals that kind house was a

During the war his democratic beart undereds a change of politics, and he crorged a law been introduced by southern men, as an all. to great was this change of heart that when he ertito congress be seemed to have entirely ackson and Thomas H. Benton regarding the committy of a specie basis for current a and to impeachment of Andrew Johnson, advocate! regind behaved himself generally in such a termination that the regulation and an intermediate the intermedi the humble misn of a peritent but with the in nce of a housebreaker. He got up a tag rug aber and greenback party in the state, such m efale convention was to be held, he raided and initio convention was to be held, he raided and and Cox of North Carolina have seined as the business of Portland. Now the obstruct the convention and so next day corried of the similar desire. Senator Lapramy also lesires to the business of Portland. Now the obstruct the convention and so next day corried of the nemination, under a process, however, on the past of the regular party organization that this had been account. this had been accomplished through find and violence and in disregarded party usages. The and harbor bills is the wish of Secator Morgan and of Alabama. Senator Voorhees wants postmast

instead he would be candidate and platform too; and his record on every possible ignistion could be quoted as "p'intin" due north by south. Unless the demonstrate party character their position, Butter, who can corner everything, may yet come as a god send in it.

The Atlants and Louisvill opposition were be incorrectly successful that the entire bound is included with recommendation of the position of the posi

grad daffair are most excellent. The sarked called on all appropriations of more than believes enday. Consequently most everybody feature of the exposition netween the different southern state thin the majority of congress power to pass a bell matter of special exhibits. The legislature of over the president's veto, justend of two-thirds. Bonch Oxrolina has just appropriated \$10,000 Reagan of Texas wants to apportion direct for its exhibit, and it is regarded as certain faxes according to the property and not the that North Carolina will make provision for a population of states. Dawes of Massachuset s Dr. D. H. Rice of Justian has Joseph for Signary in the lative congress power to limit the several days, on business, and the court has applied for Signary in the lative time in which mill operatives may be daily the court has a policy of space, and purposes, it is said, to space \$50. employed; and lay of New York wants uniform \$600, illustrating every department of a topacco laws throughout the courty regelatio; mat-

a world, will be worth many times the copy to amondment, howers, can effect such a change it the dirtribution for the change in the dirtribution of the super and picture the dirtribution of the super and picture the building on a level with the treet. the managers and exhibitors. The commissioner of internal revenue having The confliding amondments proposed in re-

to exactine into and report upon the subject. Their report has just been submitted to the commissioner of internal rorenne, and a copy will be sent to congress. The report is a vel-minimus decoment, and is complete in de ail. times and pamphiets, and, learned that for the manufacture of starch and sugar 151 patents ere : saced from May 8, 1855, to Nov. 15, 1883. The committee vicited many of the large sugar manufacturing establishments throughout country and examined carefully into the sherdical properties of the products of each. They find that while starch and to revolutionalize in fact, as well as in theory, our whole political life. It is true, not only technico of such cruis as war and the abolition of slavery, but also in
